

Sensitive and In Love: Only 1 wk -June 30 - to make this documentary a reality

Dear HSPs,

As you may know, there is a Kickstarter campaign to raise \$90,000 for a documentary called Sensitive and In Love. There is only one week - until June 30th - to make this a reality ...

If everyone receiving this email were to donate \$25 that would be \$75,000 and would put the fundraising goal over the top ! And if you donate \$25, you will receive a free digital copy plus be able to attend the "live stream" premier. Please consider donating today!

More information in my newsletter link below:
