## RMT HOME STUDY COURSES

[TRAIN 1-2-1 WITH ME ON MY REIKI MASTER TEACHER HOME STUDY COURSE](#)

Hi, Taggart here, from Reiki Evolution.

Phew! Today is the final day of The Easter Discount Weekend [small fanfare!] and I have something very special for you to round off the weekend.

I am going to offer you the highest level course that I have available, my Reiki Master Teacher home study course, and I am going to reduce the cost hugely, hugely, just for the next 24 hours.

I have been teaching Reiki via supported distance learning for many years now, and it is an ideal way to get to grips with this wonderful energy in a way where you can take all the time you need to get to grips with a particular exercise or technique, to have almost unlimited practice time, through meditation and through working on other people.

Supported distance learning is a way of training where you receive attentive, focused one-to-one support at every step of the course, dealing with your questions, providing helpful suggestions and clear explanations, so you can build your confidence, enhance your energy sensitivity, develop your intuition, all in a safe and non-judgmental space.

And because my Reiki Master Teacher home study course begins with a recap of the content of my First and Second Degree courses, you get to cover all three Reiki levels, with one-to-one support, all in one course.

This may be why so many people decide to re-take their Mastership in this way.

So take a few moments to hop over to the special page I put together for you, and see if you are ready now to take that next powerful step in your Reiki journey.
