The RMT Course Planner

Create | Review | Develop

Hey,

As a Reiki Master Teacher (RMT), have you ever felt overwhelmed with planning and organizing your courses? Or have you ever thought that you could deliver your material better? Then Reiki Evolution has got you covered with the **“Reiki Master Teacher Course Planner”** designed by International Reiki Master Teacher Taggart King.

This planner is specially created to help Reiki Master Teachers to set up and run their own Reiki First and Second Degree courses and continually develop their courses over time. The Reiki Master Teacher Course Planner includes course planning sheets, blank course schedules, and notes sections to help you easily keep track of each aspect and technique you want to include in your courses.

One of the best features of this planner is that it has hand position blanks for you to draw and make notes on each hand position you teach. This will help you feel confident in delivering the course material. Moreover, the planner also includes course records and course review sheets to keep track of each course you run and reflect on what’s working well and what needs improvement.

This way, you can continually develop and improve your courses, ensuring that your students have a positive and fulfilling experience.

With the focus on organisation and continuous improvement, the Reiki Master Teacher Course Planner is an invaluable resource for any Reiki teacher looking to take their teaching to the next level.

So, if you’re looking for a way to streamline your course planning, improve your delivery, and continually develop your courses, the Reiki Master Teacher Course Planner is the tool for you. It’s a perfect addition to your teaching toolkit that will help you provide your students with the best possible learning experience.

The planner is suitable for Reiki people at Master Teacher level and complements all the other Reiki resources available at Reiki Evolution, such as Reiki manuals, books, audio CDs, MP3s, guided meditations, live courses throughout the UK, and Taggart’s special Reiki home study courses.

Don’t wait any longer to take your Reiki teaching to the next level. Get your copy of the Reiki Master Teacher Course Planner and start creating, reviewing, and developing your courses today!
