Happy New Year!

Hiya,

I would like to wish you a very Happy New Year and I hope that 2024 will be for you a very happy, healthy, secure and fulfilling time.

HAPPY NEW YEAR 2024

"The New Year has arrived, may your fears
fade away, your strength grow and your
dreams come true."

Time For A Change

New Year is often a time for people to consider what has gone before, and what they want to achieve or experience in the future, a time to make some decisions and move your life in a new direction.

And I would like to help with that in some way.

Perhaps you are at Second Degree and looking to move on to Master level now, and want to really take your time getting to grips with what Reiki has to offer... or perhaps you have already taken your Reiki Master level but you have a feeling that there's more out there for you to learn.

Here is something for you...

The Reiki Evolution Master Teacher Home Study Course

Do you want to become a Reiki Master Teacher and share the gift of Reiki with others?

Do you want to learn the original system that Reiki's founder taught, as well as some Western-style approaches?

Do you want to enjoy the flexibility and convenience of home study, with one-to-one support from an experienced teacher?

Unique Training with One to One Support

If you answered yes to any of these questions, then you will love my Reiki Master Teacher Home Study Course.

This course is designed to give you a comprehensive and practical training in Reiki at Master/Teacher level, covering both the original Japanese and the Western methods.

You will receive a 200-page manual, a book of Reiki articles, a comprehensive guide to teaching Reiki, audio CDs, and a DVD*, as well as regular feedback and guidance from your teacher via email.

That's 80 hours of energy work, at least, over 10-12 weeks of training.

This is what you will experience...

By taking this course, after revisiting Reiki Evolution's First and Second Degree exercises and meditations, you will move on to experience important aspects of the Reiki energy, using symbols, kotodama, and intent.

You will learn how to open to and build your intuition, develop your hara, and enhance your spiritual connection.

You will also learn how to pass on the Reiki ability to others, using both Western-style attunements and Japanese-style empowerments.

You will learn how to empower yourself!

You will receive a certificate of completion and access to ongoing support and resources from Reiki Evolution.

Time to Take Action:

This course normally costs £495, but for this weekend only, you can enrol for only £345. That's a big saving of £150.

But hurry, this offer is valid only from Friday, January 5th to Sunday, January 7th at 10.00pm UK time 2024.

The Reiki Symbol Masterclass: Unconventional Approaches to Symbol Mastery

This is a small book but if you work through the exercises and meditations contained within it, you will gain a deep, deep understanding of the use of symbols within Reiki and you will have learned things that are not taught on the vast majority of Reiki courses. What you have here is a complete and unique approach, a powerful, freeing and inspiring system for using, creating and experiencing the energies.
