**It's Wednesday, so that means "Reiki Article Day" Mondays and Wednesdays: take 5 minutes to read a Reiki article**

Reiki articles for you to read on Mondays and Wednesdays. Each one will take about 5 minutes or so to read, and hopefully you will find something interesting, informative, helpful or thought-provoking, maybe even challenging.

So without further ado, here's....

**Today's Article ["My Manifesto For Reiki Tolerance..."](#)**

Hiya,

### **Honouring all the flavours of Reiki**

The lovely thing about Reiki is that there are so many styles, so many different ways of working with the energy. Various people on the Internet have tried to compile lists of the different versions, and I think the total runs to a hundred or more.

Reiki seems to work as an effortless 'carrier', rather like a radio station and transmitter that you can play endless different songs through, but you need the underlying radio waves before the songs can be played.

Reiki is like those radio waves: a carrier that supports very many different ways of working.

So, that's all from me for today.

Take care,

Taggart

## **The Reiki Symbol Masterclass: Unconventional Approaches to Symbol Mastery**

This is a small book but if you work through the exercises and meditations contained within it, you will gain a deep, deep understanding of the use of symbols within Reiki and you will have learned things that are not taught on the vast majority of Reiki courses. What you have here is a complete and unique approach, a powerful, freeing and inspiring system for using, creating and experiencing the energies.
