It's Monday, so that means "Reiki Article Day" Mondays and Wednesdays: take 5 minutes to read a Reiki article

Reiki articles for you to read on Mondays and Wednesdays. Each one will take about 5 minutes or so to read, and hopefully you will find something interesting, informative, helpful or thought-provoking, maybe even challenging.

So without further ado, here's....

Today's Article ["Can you do distant healing at Reiki First Degree?"](#)

Hiya,

An unnecessary piece of dogma

It is taught commonly on Reiki courses that you aren't able to do distant healing at First Degree and that you can only send distant healing once you've been 'attuned' to the distant healing symbol.

I don't agree with that and think it's unnecessarily dogmatic and limiting... and makes no sense!

Firstly, distant healing isn't something that is unique to Reiki: many spiritual healers practise this. So we have a group of people who haven't been attuned to Reiki at all, they haven't been 'attuned' to anything in a Reiki sense, and they can send distant healing.

So are we saying that people who haven't been attuned to Reiki are able to send distant healing, but once you're attuned to First Degree then this ability somehow stops, only to start again when you've been on a Second Degree course?

That makes no sense!

So, that's all from me for today.

Take care,

again as the person you used to be.

“These sessions have been truly life changing and I find I now have so much more energy to devote to work and creative projects. I can more easily embody the essence of my true self now and after years of struggling with anxiety, I cannot get over just how remarkable this actually is.”
