It's Monday, so that means "Reiki Article Day" Mondays and Wednesdays: take 5 minutes to read a Reiki article

Reiki articles for you to read on Mondays and Wednesdays. Each one will take about 5 minutes or so to read, and hopefully you will find something interesting, informative, helpful or thought-provoking, maybe even challenging.

So without further ado, here's....

Today's Article "Reiki for Aggressive Dogs"

Hiya,

Bringing peace to the household

"One of the great things about Reiki is that it works just as well from across a room as it does being hands on", says Sarah Berrisford in her article "Reiki for Aggressive Dogs". She goes on to say...

"This means that if you find yourself in a situation whereby an animal is showing aggressive tendencies, there is no need to put yourself in harm's way.

Aggression in dogs can happen for many reasons and can be directed towards many things. Today I'll be talking about one of the most common issues I have encountered - when dogs are at war in the household!

Of course, we can simply send Reiki to the situation and circumstances. This is a very good starting point.

But we can also look deeper into the issue and help the owner understand what is happening with their dogs' energies, which is in turn affecting their behaviour."

So, that's all from me for today.

Take care,

Taggart ;)

Taggart can help you to *reclaim your authentic self*, letting go of any anxiety, low self esteem, excess weight, to emerge again as the person you used to be.

"These sessions have been truly life changing and I find I now have so much more energy to devote to work and creative projects. I can more easily embody the essence of my true self now and after years of struggling with anxiety, I cannot get over just how remarkable this actually is."
